

BULK MATERIAL HANDLING EQUIPMENT SOLUTIONS. BUILT FAST. BUILT RIGHT.

Pioneer
Systems

Veteran-Owned. Engineer-Driven. Built to Perform.

BIG CAPABILITY. SMALL COMPANY RESPONSIVENESS.

From standalone machines to fully integrated automated systems like **dumpers, conveyors, and bulk bag fillers**, Pioneer Systems delivers practical, reliable equipment with fast, hands-on support to keep production running smoothly.

SOLUTIONS THAT KEEP PRODUCT MOVING

When higher production is added, you need solutions that work immediately. From concept to installation, Pioneer Systems combines real-world engineering with responsive service to solve bulk material handling challenges quickly and efficiently.

OUR APPROACH

- ✓ Direct Customer Support
- ✓ Long-term Relationships
- ✓ Practical Engineering
- ✓ Short Lead-times
- ✓ Trusted Performance

BUILT ON QUALITY

We take pride in the quality and performance of every system we build. Our equipment is designed for durability, safety and long service life in demanding environments.

2-YEAR WARRANTY

All standard Pioneer Systems equipment is backed by a two-year warranty, covering all parts and workmanship.

INDUSTRIES SERVED

Parcel, Package & E-Commerce

Pharmaceutical

Chemical Products

Plastics & Recycling

Electronics & Manufacturing

Food

A 100% VETERAN-OWNED BUSINESS

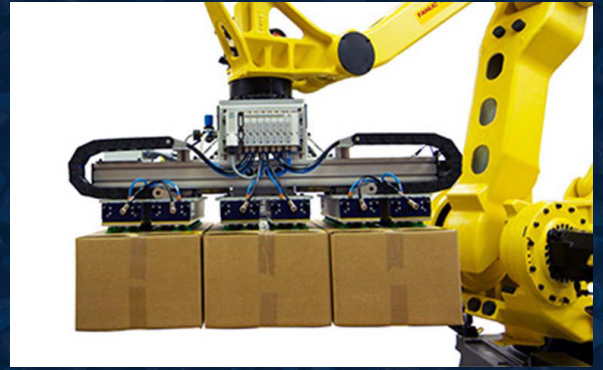

Pioneer Systems is 100% veteran-owned, with veterans making up 25% of our workforce. Founded on the values of service and accountability, Pioneer Systems supports veteran employment initiatives and is recognized as a Bronze-Level Veteran Friendly Employer by the Michigan Veterans Affairs Agency.

AUTOMATION EQUIPMENT FOR BULK MATERIAL HANDLING

Reduce heavy or repetitive work and increase operational safety by integrating automated solutions into your bulk material handling workflow.

FANUC ROBOTS FEATURES:

- ✓ Stack medium or heavy payloads safely at high operating speeds
- ✓ Integrates into your existing belt or conveyance system
- ✓ Stacks pallets up to two meters in height
- ✓ Integrated base and pedestal saves floor space

BELT CONVEYORS

- ✓ From 6" to 60" wide
- ✓ Heavy-duty steel construction with customization options
- ✓ Horizontal & inclined

BULK BAG & CONTAINER FILLING SYSTEMS

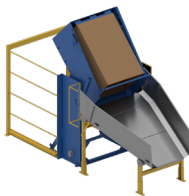

- ✓ Fills bulk bags, gaylords & drums safely & efficiently, reducing dust & waste
- ✓ Adjustable height fill head for various container sizes

BULK BAG UNLOADERS

- ✓ Hoist and trolley or forklift load
- ✓ Processes materials safely & efficiently, reducing dust & waste
- ✓ 4000 lb. capacity

DUMPERS & EXTENDED PIVOT DUMPER

- ✓ Safely dumps gaylords, bins, carts, totes & drums
- ✓ 48" – 78" pivot heights
- ✓ 2500 lb. capacity with 135-degree rotation
- ✓ 4000 lb. & 6000 lb. models available

GAYLORD TILTERS

- ✓ Tilts bins, totes & boxes 45-degrees
- ✓ 1000 lbs. / 1600 lbs. initial lift at 80psi

HIGH CAPACITY VERTICAL AUGERS

- ✓ Homogeneous blends of pellets, flakes, granules, or crumbs
- ✓ 75cf - 1300cf usable capacity

LIFT & DUMP DUMPER SYSTEMS

- ✓ Safely lifts & dumps gaylords, bins, carts, totes, drums & bales
- ✓ 72" - 180" pivot heights
- ✓ 2500 lb. capacity with 135-degree rotation

POWER HOPPERS & SCREW CONVEYORS

- ✓ Moves material fast from ground level to processing equipment
- ✓ 4" - 12" standard auger sizes
- ✓ Automated handling improves efficiency & safety

SURGE, DAY, & PORTABLE BINS

- ✓ Storage bins for free-flowing & sluggish materials
- ✓ Usable capacities from 20 cf. to 1300 cf.
